

"BIRTH TIME"

Close-up on CAROL, on phone with JACK, her husband, who is in a football stadium parking lot.

CAROL  
You did it again, didn't you?

JACK (face painted in team colors and wearing Holy Cross Crusaders t-shirt)  
What?

CAROL  
You took the fence.

Piece of the fence is missing from front yard.

CUT TO: PARKING LOT. Jack is on the phone, next to a big letter D, the fence, and his 3 FRIENDS.

CUT TO: Carol. Camera pulls back to reveal that she is pregnant.

CAROL (still on phone)  
And my water just broke. I'll meet you at the hospital.

They both hang up.

JACK (to his friends, who also have painted faces and team t-shirts)  
Throw everything back in the car. We gotta get going.

They cram the car full with the D, the fence, and lots of other stuff.

CUT TO: HOSPITAL ROOM. A DOCTOR attends to Carol, who is in labor. Jack and his friends watch. They still have painted faces, but are now wearing Holy Cross Hospital t-shirts.

FRIENDS (cheering in unison)  
Push 'im out. Push 'im out. Wayyyyy out!

CAROL (yelling)  
Shut the hell up!

JACK

They're excited for you.

The friends start doing the wave.

CAROL (fuming)

Sit down, you jerks!

The friends sit down grumbling.

DOCTOR (to Jack)

We're going to monitor you carefully. Hopefully,  
we won't have to do a C-section.

One friend reaches into the big bag they brought from the game and takes out the letter C. The second makes a hole with 2 fingers, and slides another finger into the circle, and the third makes a shirking face and looks away. They then chant as each one acts his part out.

FRIENDS

C. Sex. Shun. C-section. C-Section.

The friends high five each other and sit down.

DOCTOR (ignoring the friends)

That tiny problem your baby had when it was an  
embryo corrected itself.

One friend reaches into the bag and takes out the letter M. The second takes out some cheese and starts eating it, and the third takes out an O. They then chant as each one acts his part out.

FRIENDS

M. Brie. O. Embryo. Embryo.

The friends celebrate and sit down.

DOCTOR (to Carol)

Remember, it showed up in that early X-ray?

One friend reaches into the bag and takes out the letter X. The second and third drag RAY LIOTTA out of the bag. They then chant as each one acts his part out, with Ray Liotta jumping up and down at the second syllable.

FRIENDS

X-ray. X-ray. X-ray.

The friends and Ray Liotta chest bump and sit down.

JACK (to an increasingly mad and  
pained Carol)

I know this is all my fault. But after we won  
that playoff game 9 months ago, I couldn't keep  
my hands off you!

One friend reaches into the bag and takes out the letter E.  
The second takes out 2 model cars and smashes them into each  
other. Then the third makes a shirking face and looks away.

FRIENDS (chanting)

E. Wreck. Shun. Erection. Erection.

The friends and Ray Liotta celebrate and sit down.

Carol throws up her hands and rolls around on the bed in  
disgust, which everyone notices.

FRIEND 1.

Whoa, I think I just saw her boob.

RAY LIOTTA

Me, too.

One friend reaches into the bag and takes out the letter D.  
Ray Liotta takes out a medieval-looking goblet.

FRIEND 1 AND RAY LIOTTA

D cup. D cup. D cup.

Jack, his friends, and Ray Liotta all whoop and holler. Jack  
is proud of himself and tries to high five Carol, who is  
staring a death stare through him. She then directs a vicious  
primal scream at all of them.

Jack, his friends, and Ray Liotta quietly and sort of  
shamefully each hold up an R and a U, and then swing a golf  
club.

CAROL (screaming)

Yes, I'm teed off!

DOCTOR

Alright, Carol, just a few more pushes.

FRIENDS AND RAY LIOTTA (cheering in unison)

Go kid go! Go kid go! Go kid go!

DOCTOR (taking the BABY out)

Okay, I think I see the . . .

Doctor abruptly leaves Carol and the baby, holds up an L loads it into a crossbow, and starts chanting.

DOCTOR

L. Bow. Elbow. Elbow.

Ray Liotta gives him a high five that Carol can't see.

DOCTOR (returning to Carol and baby)

Man, that IS fun!

One final push, and Carol has the baby. The baby holds up an A.

BABY (crying)

AAAAAAAAAAAAAAAAAAAAAAAAAAAAA.

Everyone checks out the newborn.

FRIEND 3

Wow, that baby does not look like you at all, Jack.

Jack grabs the A from the baby and tears a hole in the bag. He then chants as he holds them up with each hand.

JACK

A. Hole. A-hole. A-hole.

DOCTOR

He's right. It actually looks like that guy from "Game of Thrones".

Carol holds up a letter P, a turd, an ink cartridge, and a window ledge. A man enters the room as she and he start chanting.

CAROL AND PETER DINKLAGE

P. Turd. Ink. Ledge. Peter Dinklage. Peter Dinklage.

Peter Dinklage then kisses Carol hard, high fives the baby, grabs the medieval goblet, and struts out of the room.
