

I Think This Is Yours

Conan O'Brien shows and talks about what items have slipped out of a celebrity's pockets and were found in their chairs and greenrooms after they left. Conan shows the items to the celeb the next time they're on the show. Items can be VD clinic results, a gnawed-on pork chop, an embarrassing breakup-song mixtape, etc. "And the final small item falling out of the celeb's pocket is . . ." (as Conan reaches below his desk). "Wait a minute, this small item really IS Kevin Hart." Conan pulls Hart up from below his desk. Hart is covered with lint as though he really was in a celeb's pocket, and he's chewing on a pork chop.
